(Disposable Mask)

MOKE

CE

## MOKE PROTECTS

Over 95% effectiveness in filtering non-oil particles

### Product Specifications

- MOKE KN95 masks have over 95% effectiveness in filtering non-oil particles. For use primarily for respiratory protection against non-oil particles, such as those from sanding, sawing, grinding, sweeping, bagging, and certain other substances. The inner and outer covers of MOKE KN95 masks are constructed from spunbond nonwoven fabric. Melt-blown nonwoven is layered between the inner and outer covers.
- The ear loops are made of polyester elastic which is attached to the mask. The inside nosepiece is a polypropylene foam with an aluminum strip for shaping. For single use only.

### Product Specifications

Product name:	MOKE KN95 Particulate Respirator (Disposable Mask)
